## Feature Quilt, Item 1500

### ***Lucky Stars***

One of life's simple pleasures is creating something useful from little or next to nothing. In quilt making, this happens when scraps of fabric come together as a beautiful work of art in the form of a finished quilt top. This year's feature quilt was selected because it represents frugality, a traditional Mennonite trait. "Lucky Stars", 88" x 104" is a queen sized quilt pieced by Arlene Geissinger, Excelsior, MN, using primarily sample pieces of Batik printed fabrics in bright jewel tones. Jane Paulson, Windom, MN, beautifully machine quilted "Lucky Stars" with variegated, brightly colored thread. Donated by Twin Cities Mennonite Quilters. (See it on display in the main lobby across from Information Booth.)
